Epilepsy St. Vitus Dance

Are nerve diseases, and unless checked, lead to destruction of both mind and body. The weak, shattered nerves must have something to strengthen and build them back to health. Dr. Miles' Restorative Nervine is a remarkable nerve tonic and stimulant. It strengthens the nerves, relieves the nervous strain, and influences refreshing body-building sleep and rest. Persistent use seldom fails to relieve these afflictions.

"I was taken with epileptic fits; had aleven in less than 12 hours. My ather sent for our family physician, but he could do very little for me, and I grew worse every day, and at last they had three doctors with me, and I still got worse. My father heard of Dr. Miles' medicines and bought a bottle of Nervine and a box of Nerve and Liver Pills. I had taken only a few doses until I began to feel hetter. I took 12 bottles, and it cured me sound and well. It has been worth all the world to me. I recommend it wherever I go. You may use this as a life-long testimonial to the merits of your medicine, for I am enjoying the best of health, and feel that my life and health is due to this wonderful medicine." I. EVY WILLIAMS.

R. F. D. No. 2. Boston, Ga.

HOW DEBILITY SHOWS GONE TO SEE AND WHY DR. WILLIAMS' PINE

A Case in Watertown in Which a Pale, Weak Girl was Made Strong And Well.

The symptoms of general debility vary always present, a tendency to perspire and fatigue easily, ringing in the cars. sometimes black spots passing before the eyes, weak back, vertigo, wakefulness caused by inability to stop thinking, and unrefreshing sleep. The cause of the trouble may be some drain on the system or it may be mental or physical overwork, sometimes insufficient nutrition due to digestive disturbance. In the latter case there is generally a loss of appetite and a coated tongue as well as general languor and debility.

Miss Lula M. Metzger, a stenographer, living at 71 Mill street, Watertown, N.Y., suffered for over a year from general debility. "It was caused by overstudy," she says, "and I had no ambition, didn't want to go anywhere, my food didn't taste good, I was run down, lifeless and listless. I took medicines but they failed mas Rver, a roving farm hand, about to help me. Finally friends recommended Dr. Williams' Pink Pills to my mother and she got some for me. I took them for some time and was entirely cured and have had no return of the trouble." out one and one-half miles from the

The mother, Mrs. George Metzger, is elso enthusiastic in her praise of Dr. Williams' Pink Pills and says that they are her favorite family remedy.

Dr. Williams' Pink Fills cure debility because they actually make new, red, cich blood, and as the blood carrienourishment to all the organs and tissues f the body, nerves as well as muscles. he new blood stimulates the organs to to the work that nature expects of them and normal health follows. As the tomach is toucd up, indigestion disapcars and greater nourishment is deived from the food. The nerves are reitalized and refreshing sleep is ob-ained. Not only is this tonic treatment afficient to care debility but many overe discovers of the blood and nerves ve vielded to its cumpive action esh niv, sufficient exercise and nonling four greatly assist the pills in feeting cures in all cases of debility.

The pills are sold by all druggists, or ill besent postpaid on receipt of price cents per hox, six boxes \$2.59, by the Williams Medicine Co., Schenec ly, N. Y. Send for free diet book.
